

Action Required: Pay Now
Delinquent Property

The parcel listed on the enclosed bill is now tax-defaulted. 99% of your neighbors have paid their taxes to the San Francisco community – you have not. Your balance will continue to increase every month until paid in full.

Pay the balance shown or set up a payment plan by **August 31, 2020** to avoid further penalties.

If you were unable to pay your **second installment of 2019-20 property taxes** by the May 15, 2020 deadline because of the COVID-19 crisis, you can submit a request to waive the 10% late penalty and \$45 administrative fee. You may also qualify for longer term relief as part of Executive Order N-61-20 signed by Governor Newsom if you were unable to pay your property taxes for your primary residence or small business. The application and more information about these opportunities are available online at: <http://sftreasurer.org/COVID19property>

You have two additional options to address this situation:
